Mara Cemetery

Qualification for Burial in Mara Cemetery:

The deceased must have been a resident of Mara (*defined as from the rock bluff south of Riverside Rd. to the Regional District north boundary not including Swansea Point*) or a descendant of a Mara family.

Guidelines for Full Burial

Re: Burial Plots: Extra costs to be borne by the family:

Opening, Liner & Closing of the site for burial—

Is the responsibility of the family of the deceased. (ie: Any backhoe work, digging or snow removal.)

Note: Any large rocks not used must be hauled away.

Grave liners - type can be the families choice of either fibreglass, concrete or other.

Note: - wooden box not acceptable, quality must comply with Cemetery Guidelines.

Families are responsible for on going care and upkeep of the plot.

Burial plots can be prepaid - but there is no way to reserve the location.

The actual location is only available at the time of interment.

Two caskets may be placed in the one plot, if burial plots are dug deep enough –(7-8 ft)

If this alternative is chosen, the second (*unused portion*) must be prepaid and a record kept on file, to verify depth and name of person space is reserved for.

Marker Requirements – All markers must be of either granite or bronze and put in place within one year of time of interment. Placing of all markers and memorials shall be subject to the approval of the Cemetery Committee.
